

Team 4

Gary Warenfelt

*I'm dancing
because...*

I love the Athens community and I'm so excited to step out of my comfort zone and learn a new skill while also raising funds for an organization that is so important to the city that I love!

About me:

Gary has lived in Athens since 1999. He graduated from UGA with a degree in Religion and History. He is a huge ancient history buff with concentration in ancient Sumerian history.

Gary has worked at Last Resort Grill for 20 years and been a manager there for the last 3 years. He loves the Athens community so much and feels so honored to help out such a great organization as Project Safe while stepping out of his comfort zone to learn some fun new dance moves!
