

Team 9

Heather Fletcher

I'm dancing because...

I was in a verbally and emotionally abusive relationship in my late teens/early 20s. Thankfully I had a strong friend group that helped me to remove myself from that situation. Project Safe supports and protects the community the way that my friends supported and protected me.

About me:

Born and raised in South Georgia, Heather moved to Athens in 2002 to attend the University of Georgia (A.B.J. '05, B.A. '09, M.A.'11). She fell in love with this town and has made it her home. An avid traveler, she enjoys immersing herself in other cultures as well as learning languages in an effort to broaden her perspectives. Before entering into the real estate profession, she worked in the food and beverage industry for 14 years followed by four years as a Spanish teacher at Cedar Shoals High School.

Heather currently serves as a member of the 2022-2024 Local School Governance Team for Cedar Shoals High School, as Chair of the Athens-Clarke County Historic Preservation Commission, and was the 2023 President of the Women's Council of Realtors Athens Network. She is also a founding member of the UGA Salsa Club which recently formed a nonprofit organization, TIMBAthens, to promote Cuban dance and culture in Athens.
